IN TURKISH)**

**BURGAN BANK A.Ş.**

**PUBLICLY ANNOUNCED CONSOLIDATED  
FINANCIAL STATEMENTS AND  
RELATED DISCLOSURES TOGETHER  
WITH LIMITED REVIEW REPORT  
AT 31 MARCH 2021**

*(Convenience Translation of the Report on Review of Interim Financial Information Originally Issued in Turkish)*

## **REPORT ON REVIEW OF CONSOLIDATED INTERIM FINANCIAL INFORMATION**

### **To the General Assembly of Burgan Bank A.Ş.**

#### *Introduction*

We have reviewed the accompanying consolidated statement of financial position of Burgan Bank A.Ş. (“the Bank”) and its consolidated subsidiaries (collectively referred to as “the Group”) at 31 March 2021 and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in shareholders’ equity, consolidated statement of cash flows for the three-month period then ended, and a summary of significant accounting policies and other explanatory notes. The Bank management is responsible for the preparation and fair presentation of the accompanying consolidated interim financial information in accordance with “the Banking Regulation and Supervision Agency (“BRSA”) Accounting and Financial Reporting Regulations” including the regulation on “The Procedures and Principles Regarding Banks’ Accounting Practices and Maintaining Documents” published in the Official Gazette dated 1 November 2006 with No. 26333, and other regulations on accounting records of banks published by the Banking Regulation and Supervision Board and circulars and pronouncements published by the BRSA and Turkish Accounting Standard 34 “Interim Financial Reporting” principles for the matters not legislated by the aforementioned regulations. Our responsibility is to express a conclusion on this consolidated interim financial information based on our review.

#### *Scope of Review*

We conducted our review in accordance with the Independent Auditing Standard on Review Engagements (ISRE) 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit conducted in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an audit opinion.

#### *Basis for Qualified Conclusion*

The accompanying consolidated interim financial information as at 31 March 2021 includes a general reserve of TL 195,000 thousand which was recognized as expense in the previous periods. This general provision is provided by the Bank management for the possible effects of the negative circumstances which may arise in economy or market conditions.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee (“DTTL”), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as “Deloitte Global”) does not provide services to clients. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more about our global network of member firms.

## *Qualified Conclusion*

Based on our review, except for the effects of the matter described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information does not present fairly, in all material respects, the financial position of Burgan Bank A.Ş. and its consolidated subsidiaries as at 31 March 2021, and of the results of their operations and their cash flows for the three-month period then ended in accordance with the BRSA Accounting and Financial Reporting Regulations.

## *Other Matter*

The consolidated financial statements of the Bank and its consolidated subsidiaries as at and for the year ended 31 December 2020 and as at and for the three month period then ended 31 March 2020 were audited and reviewed by another auditor who expressed a qualified opinion and an unqualified conclusion on 2 March 2021 and 22 May 2020, respectively.

## **Report on Other Legal and Regulatory Requirements**

Based on our review, nothing has come to our attention that causes us to believe that the consolidated interim financial information provided in the Management's interim report included in section seven of the accompanying consolidated financial statements, is not presented fairly, in all material respects, and is not consistent with the reviewed unconsolidated interim financial statements and the explanatory notes.

## *Additional paragraph for English translation:*

The effect of the differences between the accounting principles summarized in Section 3 and the accounting principles generally accepted in countries in which the accompanying consolidated interim financial statements are to be distributed and International Financial Reporting Standards (IFRS) have not been quantified and reflected in the accompanying consolidated financial statements. Accordingly, the accompanying financial statements are not intended to present the Bank and its consolidated subsidiaries financial position and results of its operations in accordance with accounting principles generally accepted in such countries of users of the consolidated interim financial statements and IFRS.

**SECTION ONE**

**GENERAL INFORMATION ABOUT THE GROUP**

**I. PARENT BANK’S FOUNDATION DATE, START-UP STATUTE, HISTORY ABOUT THE CHANGES IN THIS MENTIONED STATUTE:**

Tekfen Yatırım ve Finansman Bankası A.Ş. was established as an “investment bank” with the permission of the Council of Ministers No. 88/13253 on 26 August 1988 and authorised to conduct finance investment and foreign trade activities. Banking operations commenced on 7 August 1989.

Bank Ekspres A.Ş. (“Bank Ekspres”) was established with the permission of the Council of Ministers in decision No. 91/2316 on 22 September 1991; “The Decree of Establishment Permission” was published in the Official Gazette numbered 21017 and dated 10 October 1991. The Articles of Association was published in the Trade Registry Gazette numbered 2969 and dated 18 February 1992. The Turkish Savings Deposit and Insurance Fund (“SDIF”) took over the management of Bank Ekspres A.Ş. due to the poor fiscal structure of the bank on 23 October 1998.

According to the Share Transfer Agreement signed between the SDIF and Tekfen Holding A.Ş. on 30 June 2001, 2.983.800.000 shares with a nominal value of Kr1 each and which amount to 99,46% of the capital of Bank Ekspres A.Ş. under the control of the SDIF in accordance with Banking Law were transferred to Tekfen Holding A.Ş.. Based on this agreement, the acquisition of Tekfen Yatırım ve Finansman Bankası A.Ş., where Tekfen Holding A.Ş. owns 57,69% of the Bank, by Bank Ekspres A.Ş. was permitted by the Banking Regulation and Supervision Agency’s (“BRSA”) decision numbered 489 dated 18 October 2001. The share transfers were realised on 26 October 2001 and the bank’s name was changed to Tekfenbank Anonim Şirketi (the “Bank”), which had two main shareholders: Tekfen Holding A.Ş. with 57,30% and TST International S.A. with 40,62%.

EFG Eurobank Ergasias S.A. (“Eurobank EFG”) and Tekfen Holding A.Ş. (“Tekfen Group”) signed an agreement as of 8 May 2006, that anticipated Eurobank EFG to purchase Tekfen Group’s 70% share in Tekfenbank A.Ş. and Tekfen Finansal Kiralama A.Ş. which is fully owned by Tekfenbank; where Tekfen Group retained its strategic partnership by keeping all remaining shares. On 23 February 2007, the sale of Tekfenbank A.Ş. to Eurobank EFG Holding (Luxembourg) S.A. (“Eurobank EFG Holding”) was approved by the BRSA and the sale was completed after the share transfer on 16 March 2007.

Under the agreement regarding the sale of Eurobank Ergasias S.A.’s Turkey operations to Burgan Bank K.P.S.C. (formerly Burgan Bank S.A.K), 70% of the bank shares belonging to Eurobank EFG Holding (Luxemburg) S.A. and 29,26% of the shares belonging to Tekfen Holding A.Ş. are bought by Burgan Bank K.P.S.C. (formerly Burgan Bank S.A.K) in 7 December 2012 in accordance with the Banking Regulation and Supervision Agency’s authorization, and then 99,26% of the bank shares are turned over to Burgan Bank K.P.S.C. (formerly Burgan Bank S.A.K) in 21 December 2012.

At the Extraordinary Board of Directors meeting on 23 January 2013, the title of the bank has been decided to change from Eurobank Tekfen A.Ş. to Burgan Bank A.Ş. (“the Bank”), and has been registered to the Turkish Trade Registry as of 25 January 2013.

## **BURGAN BANK A.Ş.**

### **NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

#### **GENERAL INFORMATION ABOUT THE GROUP (Continued):**

#### **II. EXPLANATION ABOUT THE PARENT BANK'S CAPITAL STRUCTURE, SHAREHOLDERS OF THE PARENT BANK WHO ARE IN CHARGE OF THE MANAGEMENT AND/OR AUDITING OF THE PARENT BANK DIRECTLY OR INDIRECTLY, CHANGES IN THESE MATTERS (IF ANY) AND THE GROUP THE PARENT BANK BELONGS TO:**

The Bank's registered capital ceiling is 4 billion full TL.

Bank's capital amounts to full TL 1.890.000.000.

In accordance with the Decision of the Board of Directors of the Bank dated 24 February 2021 and numbered 2021/06, the required permission was obtained from Banking Regulation and Supervision Agency regarding increasing the capital amounting to full TL 1.535.000.000 by full TL 355.000.000 to full TL 1.890.000.000, being within the limit of registered capital ceiling amounting to full TL 4.000.000.000, and it was notified that there is no objection for consummation of transactions regarding the capital increase. In this context, the capital amount provided by the shareholders were transferred to the paid-in capital account and the required procedures were initiated for the registry. It was registered and announced in the Turkish Trade Registry Gazette No. 10314, dated April 21, 2021.

There is no change in the Bank's shareholder structure.

Founded in 1977, Burgan Bank K.P.S.C. (formerly Burgan Bank S.A.K), as an affiliate of KIPCO Group (Kuwait Projects Company), one of the largest holding groups of the Middle East and North Africa (MENA) region, is among the significant banking groups in the region. Besides Kuwait, Burgan Bank Group also operates as a main shareholder with its affiliate banks in Algeria (Gulf Bank Algeria), Iraq (Bank of Baghdad), and Tunisia (Tunis International Bank).

**SECTION THREE**

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD**

**I. BASIS OF PRESENTATION:**

**a. The preparation of the consolidated financial statements and related notes and explanations in accordance with the Turkish Accounting Standards and Regulation on the Principles and Procedures numbered 5411 Regarding Banks' Accounting Application and Keeping Documents:**

The consolidated financial statements are prepared within the scope of the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and in accordance with the regulations, communiqués, interpretations and legislations related to accounting and financial reporting principles published by the Banking Regulation and Supervision Agency ("BRSA"), and in case where a specific regulation is not made by BRSA, Turkish Accounting Standards (TAS) and Turkish Financial Reporting Standards (TFRS) and related appendices and interpretations put into effect by the the Public Oversight Accounting and Auditing Standards Authority (POA). The format and the content of the publicly announced consolidated financial statements and related disclosures to these statements have been prepared in accordance with the "Communiqué related to Publicly Announced Financial Statements of Banks and Explanations and Notes related to these Financial Statements" published in the Official Gazette No. 28337 dated 28 June 2012, and changes and amendments to this communiqué. The Parent Bank maintains its accounting entries in Turkish Lira, in accordance with the Banking Law, Turkish Trade Law and the Turkish Tax Legislation.

The consolidated financial statements expressed in TL were prepared with the cost-based method and were subject to inflation adjustments until 31 December 2004, except for financial assets, liabilities and buildings, which were carried at fair value. The amounts in the consolidated financial statements and notes related to these financial statements have been expressed in thousand of Turkish Lira, unless otherwise stated. The preparation of consolidated financial statements in conformity with TAS requires the use of certain critical accounting estimates by the Parent Bank management to exercise its judgment on the assets and liabilities of the balance sheet and contingent issues as of the balance sheet date. These estimates, which include the fair value calculations of financial instruments and impairments of financial assets are being reviewed regularly and, when necessary, suitable corrections are made and the effects of these corrections are reflected to the income statement. Assumptions and estimates that are used in the preparation of the accompanying financial statements are explained in the following related disclosures.

Coronavirus epidemic, which has recently emerged in China, spread to various countries in the world, causing potentially fatal respiratory infections, affects, especially in countries exposed to the epidemic, both regional and global economic conditions negatively, as well as it causes disruptions in operations. As a result of the spread of COVID-19 throughout the world, various measures have been taken in our country as well as in the world in order to prevent the transmission of the virus and measures are still continued to be taken. In addition to these measures, economic measures are also taken to minimize the economic impact of the virus outbreak on individuals and businesses in our country and worldwide.

Since it is aimed to update the financial information in the most recent annual financial statements in the interim financial statements prepared as of 31 March 2021, considering the magnitude of the economic changes due to COVID-19, the Group made certain estimates in the calculation of expected credit losses, and explained these on disclosure VIII. "Explanations on Expected Credit Losses". In the coming periods, the Group will update its relevant assumptions as necessary and revise the realizations of past estimates.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**I. BASIS OF PRESENTATION (Continued):**

**b. Explanations on accounting policies and changes in financial statement presentations:**

None.

**c. Items subject to different accounting policies in the preparation of consolidated financial statements:**

None.

**II. EXPLANATIONS ON STRATEGY OF USING FINANCIAL INSTRUMENTS AND FOREIGN CURRENCY TRANSACTIONS:**

The general strategy of the Group is using financial instruments to sustain an optimal balance between the yield of the instruments and their risks. The most important funding source of the Group is deposits. Additionally, the Group can also sustain a lengthened liability structure by using long-term borrowings from foreign financial institutions. Funds obtained from deposits and other sources are invested in high yield and quality financial assets and currency, interest rate and liquidity risks are being kept within the limits following the asset-liability management strategy. The currency, interest and liquidity risks of on-balance sheet and off-balance sheet assets and liabilities are managed accordingly within the risk limits accepted by the Group and the related legal limits. Derivative instruments are mainly utilized for liquidity needs and for mitigating currency and interest rate risks. The position of the Group as a result of foreign currency activities are being held at minimum levels and the exposed currency risk is followed within the levels determined by the Board of Directors, considering the limits given by the Banking Law.

Foreign currency denominated monetary assets and liabilities are translated with the Parent Bank’s foreign currency bid rates prevailing at the balance sheet date. Gains and losses arising from such valuations are recognized in the income statement under the account of “Foreign exchange gains or losses”.

As of 31 March 2021, foreign currency denominated balances are translated into TL using the exchange rates of TL 8,3258 and TL 9,7688 for USD and EURO respectively.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**III. EXPLANATIONS ON INVESTMENTS IN ASSOCIATES, SUBSIDIARIES AND JOINT VENTURES:**

Consolidated financial statements are prepared in accordance with the TFRS 10 “Turkish Accounting Standard for Consolidated Financial Statements”. Consolidation principles for subsidiaries:

Subsidiaries are entities controlled directly or indirectly by the Parent Bank. Subsidiaries are consolidated using the full consolidation method on the grounds of materiality principle considering their operations, asset and equity sizes. Financial statements of related subsidiaries are consolidated from the date when the control is transferred to the Parent Bank.

Control depicts the significant influence the Parent Bank has over an investment to a legal entity, the varying yield the Parent Bank receives due to its relationship with this entity or the rights of the Parent Bank entitled over this yield and the power to impact the yield that the invested legal entity will generate.

In the full consolidation method, 100% of subsidiaries’ assets, liabilities, income, expense and off-balance sheet items are combined with the Parent Bank’s assets, liabilities, income, expense and off-balance sheet items.

The carrying amount of the Group’s investment in each subsidiary and the Group’s portion of the cost value of the capital of each subsidiary are eliminated. Intergroup balances and intergroup transactions and resulting unrealized profits and losses are eliminated. Minority interests in the net income of consolidated subsidiaries are identified and adjusted against the income of the Group in order to arrive at the net income attributable to the Group. Minority interests are presented in the consolidated balance sheet, under shareholder’s equity. Minority interests are presented separately in the Group’s income.

The Group has no joint ventures as of 31 March 2021 and 31 December 2020.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**IV. EXPLANATIONS ON FORWARD TRANSACTIONS, OPTIONS AND DERIVATIVE INSTRUMENTS:**

The major derivative instruments utilized by the Group are currency and interest rate swaps, cross currency swaps, currency options and currency forwards.

The Group classifies its currency forwards, swaps, options and futures as transactions at “Fair Value Through Profit or Loss” in accordance with TFRS 9 principles. Derivative transactions are recorded in accordance with their fair value on the contract date. Also, liabilities and receivables arising from derivative instruments are followed in the off-balance sheet accounts from their contractual values.

Derivative instruments are measured at their fair values in the periods following their recording and are disclosed under assets or liabilities in the “Derivative Financial Assets at Fair Value Through Profit or Loss” section according to whether their fair value is positive or negative. Valuation differences in the fair value of trading derivative instruments are reflected to the statement of profit or loss. The fair values of the derivative financial instruments are calculated by using quoted market prices or by using discounted cash flow models.

As of 31 March 2021, The Group applies cash flow hedge accounting through cross and interest currency swaps to protect against changes in interest rates of FC deposits which have average maturities of up to 3 months. The Group implements effectiveness tests at the balance sheet dates for hedge accounting, the effective parts are accounted as defined in TFRS 9, on the financial statements under equity “Accumulated other comprehensive income or expense to be reclassified through profit or loss”, whereas the amount concerning ineffective parts is associated with the income statement.

In cash flow hedge accounting, when the hedging instrument expires, is executed or sold and when the hedge relationship becomes ineffective or is discontinued as a result of the hedge relationship being revoked; the hedging gains and losses that were previously recognized under equity are transferred to profit or loss when the cash flows of the hedged item are realized. The renewal of a financial hedging instrument or the transfer of a financial hedging instrument to another financial hedging instrument does not eliminate the hedging relationship, if the financial hedging instrument is part of the hedging strategy in accordance with TFRS 9.

**V. EXPLANATIONS ON INTEREST INCOME AND EXPENSE:**

Interest income and expenses are recognized by using the effective interest method.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**VI. EXPLANATIONS ON FEE AND COMMISSION INCOME AND EXPENSE:**

Fees and commission income/expenses are primarily recognized on an accrual basis or “Effective Interest (Internal Efficiency) Method” according to the nature of the fee and commission, except for certain commission income and fees for various banking services which are recorded as income at the time of collection. Contract based fees or fees received for services such as the purchase and sale of assets on behalf of a third party or legal person are recognized as income at the time of collection. The commissions and fees other than those whose amortised costs are an integral part of their effective profit rate, are accounted over time in accordance with the TFRS 15 Revenue From Contracts With Customers Standard.

**VII. EXPLANATIONS ON FINANCIAL ASSETS:**

The Group classifies and accounts its financial assets as “Financial Assets at Fair Value Through Profit or Loss”, “Financial Assets at Fair Value Through Other Comprehensive Income” or “Financial Assets Measured at Amortized Cost”. Such financial assets are recognized or derecognized according to TFRS 9 Financial Instruments Part three “Classification and Measurement of Financial Instruments” published in the Official Gazette No. 29953 dated 19 January 2017 by the Public Oversight Accounting and Auditing Standards Authority. Financial assets are measured at fair value at initial recognition in the financial statements. During the initial recognition of financial assets other than “Financial Assets at Fair Value Through Profit or Loss”, transaction costs are added to fair value or deducted from fair value.

The Group recognizes a financial asset into the financial statements when it becomes a party to the contractual terms of a financial instrument. During the first recognition of a financial asset into the financial statements, the business model determined by the Bank management and the nature of contractual cash flows of the financial asset are taken into consideration. When the business model determined by the Bank’s management is changed, all affected financial assets are reclassified and this reclassification is applied prospectively. In such cases, no adjustments are made to earnings, losses or interests that were previously recorded in the financial statements.

**a. Financial assets at fair value through profit or loss:**

“Financial Assets at Fair Value Through Profit or Loss” are financial assets other than the ones that are managed with business models that aim to hold contractual cash flows in order to collect them and the ones that are managed with business models that aim to collect both the contractual cash flows and cash flows arising from the sale of the assets; If the contractual terms of the financial asset do not lead to cash flows representing solely payments of principal and interest at a certain date; That are either acquired for generating a profit from short-term fluctuations in prices or are financial assets included in a portfolio aiming to short-term profit making. Financial assets at fair value through profit or loss are initially recognized at fair value and remeasured at their fair value after recognition. The gains and losses arising from the conducted valuations are included in profit/loss accounts.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**VII. EXPLANATIONS ON FINANCIAL ASSETS (Continued):**

**b. Financial assets at fair value through other comprehensive income:**

In addition to financial assets within a business model that aims to hold to collect contractual cash flows and aims to hold to sell, financial assets with contractual terms that lead to cash flows that are solely payments of principal and interest at certain dates are classified as financial assets at fair value through other comprehensive income.

Financial assets at fair value through other comprehensive income are recognized by adding transaction cost to acquisition cost reflecting the fair value of the financial asset. After the recognition, financial assets at fair value through other comprehensive income are re-measured at fair value. Interest income calculated with the effective interest rate method arising from financial assets at fair value through other comprehensive income and dividend income from equity securities are recorded to income statement. Unrealized gains and losses, arising from the difference between the amortized cost and the fair value of financial assets at fair value through other comprehensive income are not reflected in the statement of profit or loss of the period until the acquisition of the asset, sale of the asset, the disposal of the asset, and impairment of the asset and they are accounted under “Accumulated other comprehensive income or expense to be reclassified through profit or loss” under shareholders’ equity. When the mentioned marketable securities are collected or sold, the accumulated losses through fair value are reflected on the statement of profit or loss.

Equity securities, which are classified as financial assets at fair value through other comprehensive income, that have a quoted market price in an active market and/or whose fair values can be reliably measured are carried at their fair value. Equity securities that do not have a quoted market price in an active market and/or whose fair values cannot be reliably measured are carried at cost, less provision for impairment.

During initial recognition, an entity can make an irrevocable decision, by choosing to record the changes of the fair value of the investment in an equity instrument that is not held for trading purposes in other comprehensive income. If this choice is made, the dividends from the investment are taken into the financial statements as profit or loss.

**c. Financial assets measured at amortized cost:**

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are classified as financial assets measured at amortized cost. Financial assets measured at amortized cost are initially recognized at their acquisition cost including the transaction costs which reflect the fair value of those instruments and are subsequently recognized at “Amortized Cost” by using “Effective Interest (Internal Efficiency) Rate” method. Interest income obtained from financial assets measured at amortized cost are accounted in the statement of profit or loss.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021**

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise stated.)

---

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**VII. EXPLANATIONS ON FINANCIAL ASSETS (Continued):**

**d. Loans**

Loans are financial assets that have fixed or determinable payment terms and are not quoted in an active market. Loans are initially recognized at acquisition cost plus transaction costs presenting their fair value and thereafter measured at amortized cost using the “Effective Interest Rate (Internal Rate of Return)” method.

The Group’s loans are recorded under the “Measured at Amortized Cost” account.

Write-off policy is explained in, Section V, the explanations and notes related to assets.

**VIII. EXPLANATIONS ON EXPECTED CREDIT LOSSES:**

The Group allocates impairment for expected loss on financial assets measured at amortized cost and measured at fair value through other comprehensive income.

As of 1 January 2018, in accordance with the Communiqué related to “Procedures and Principals regarding Classification of Loans and Allowances Allocated for Such Loans” published in the Official Gazette no. 29750 dated 22 June 2016, the Bank has started to allocate a loss allowance for expected credit losses on financial assets and loans measured at amortized cost in accordance with TFRS 9. In this context, as of 1 January 2018, the credit loss allowance method within the framework of the BRSA’s related legislation has been changed to the loss allowance for expected credit losses model with the implementation of TFRS 9. The predictions of expected credit loss forecasts include credible information which is objective, probability-weighted, supportable about past events, current conditions, and forecasts of future economic conditions.

Starting from 17 March 2020, within the scope of Articles 4 and 5 of the Regulation on Principles and Procedures Regarding the Classification of Loans and Provisions in accordance with the BRSA Decisions numbered 8948 dated 17 March 2020 and numbered 8970 dated 27 March 2020, due to the disruptions in economic and commercial activities resulting from the COVID-19 outbreak, the 90 days default period for loans to be classified as non-performing loans shall be applied as 180 days and the 30 days period for loans to be classified Stage 2 shall be applied as 90 days, according to assembly’s resolution dated 8 December 2020 and numbered 9312. This measure will be effective until 30 June 2021.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**VIII. EXPLANATIONS ON EXPECTED CREDIT LOSSES (Continued):**

The basic parameters used in the calculations of provision are described below:

**Probability of Default (PD):** PD refers to the likelihood that a loan will default within a specified time horizon. Based on TFRS 9, two different PDs are considered in calculations:

- **12-month PD:** The probability of default occurring within the next 12 months following the balance sheet date.
- **Lifetime PD:** The probability of default occurring over the remaining life of the loan.

The Group generates ratings for the corporate and commercial customers via internal rating system and the 12-month or lifetime probability of defaults are estimated based on these ratings. Macroeconomic expectations are taken into account when carrying out these expectations and the weighted average of the probabilities of default calculated from three different scenarios are considered as the final probability of default.

For retail customers, the score point is generated via the internal scoring system and the 12-month or lifetime probabilities of default are estimated based on these score points by considering the above-mentioned macroeconomic factors.

For the receivables from customers such as sovereign and banks, provision is calculated by using the determined values in the corporate and commercial probability of default table and the loss given default rates.

**Loss Given Default Rate:** If a loan default occurs, it refers to the economic loss that might be encountered by taking into consideration the collection period and the time value of money. The Group has determined the loss given default rates by considering the expert opinion based on the past historical data set.

**Exposure at Default:** For cash loans, it corresponds to the amount of loan granted as of the reporting date. For non-cash loans, it is the value calculated through using credit conversion factors.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**VIII. EXPLANATIONS ON EXPECTED CREDIT LOSSES (Continued):**

These financial assets are divided into three categories depending on the gradual increase in credit risk observed since their initial recognition:

*Stage 1:*

These are the financial assets at initial recognition or financial assets that do not have a significant increase in credit risk since their initial recognition. Impairment for credit risk for these assets is accounted in the amount of 12-month expected credit losses. Therefore, the expected probability of default of 12 months is calculated by considering the maturity of the loan. This value is obtained after weighting the three macroeconomic scenarios and the provision is calculated using the loss given default and risk amounts calculated by taking into consideration the collateral composition of the loan.

*Stage 2:*

As of the reporting date of the financial asset, in the event of a significant increase in credit risk since initial recognition, the financial asset is transferred to Stage 2. Impairment for credit risk is accounted based on the financial asset's lifetime expected credit losses. The provision which will be allocated for the loan is calculated by considering the maturity and cash flow of the loan for three macroeconomic scenarios as stated above. For this purpose, the probability of default and the loss given default amounts are estimated not only for 12 months but also for the whole life of the loan and the loan provision is determined by using the present value set calculated over the cash flow.

*Stage 3:*

Stage 3 includes financial assets that have objective evidence of impairment at the reporting date. For these assets, lifetime expected credit losses are recognized. The method is similar to the methodology applied for Stage 2 loans, but the probability of default is considered 100% in these calculations. In general the Group follows the definition of default in the legislation (objective default definition, for example the criterion of the number of days past due). On the other hand, if it is decided that the debt will not be paid, the aforementioned receivable will be considered as Stage 3, even if the default has not occurred yet.

The Group carries out its determination regarding the significant increase in credit risk by taking into consideration of the following criterias:

- Type of customer (calculations are made on separate models for corporate and commercial customers and retail customers).
- Internal rating scores (calculations are based on score points for retail customers and ratings for corporate and commercial customers).
- The deterioration observed in the internal rating score between the drawdown date and the reporting date.

In addition to the above rules, the Group also provides additional provisions through individual assessment.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**IX. EXPLANATIONS ON OFFSETTING FINANCIAL ASSETS:**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when the Group has a legally enforceable right to offset the recognized amounts and there is an intention to collect/pay related financial assets and liabilities on a net basis, or to realize the asset and settle the liability simultaneously.

**X. EXPLANATIONS ON SALES AND REPURCHASE AGREEMENTS AND SECURITIES LENDING TRANSACTIONS:**

Securities subject to repurchase agreements (“Repo”) are classified as “Financial assets at fair value through profit or loss”, “Financial assets at fair value through other comprehensive income” and “Financial assets measured at amortized cost” according to the investment purposes of the Group and are measured according to the portfolio to which they belong. Funds obtained from repurchase agreements are accounted under “Funds Provided under Repurchase Agreements” in liabilities and the difference between the sale and repurchase price is accrued over the life of repurchase agreements using the effective interest method.

Funds given against securities purchased under agreements (“Reverse repo”) to resell are accounted under “Receivables from Reverse Repurchase Agreements” on the balance sheet. The difference between the purchase and determined resell price is accrued over the life of repurchase agreements using the “effective interest method”. The Group has no securities lending transactions.

**XI. EXPLANATIONS ON TANGIBLE ASSETS THAT ARE HELD FOR RESALE, DISCONTINUED OPERATIONS AND LIABILITIES REGARDING THOSE ASSETS:**

Assets held for sale are measured at the lower of the assets’ carrying amount and fair value less costs to sell. Held for sale assets are not amortized and presented separately in the financial statements. In order to classify an asset as held for sale, only when the sale is highly probable, experienced quite often and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale. Highly saleable condition requires a plan by the management regarding the sale of the asset to be disposed (or else the group of assets), together with an active program for determination of buyers as well as for the completion of the plan. Also the asset (or else the group of assets) shall be actively marketed in conformity with its fair value. On the other hand, the sale is expected to be journalized as a completed sale within one year after the classification date; and the necessary transactions and procedures to complete the plan should demonstrate the fact that the possibility of making significant changes or cancelling the plan is low. Various circumstances and conditions could extend the completion period of the sale more than one year. If such delay arises from any events and conditions beyond the control of the entity and if there is sufficient evidence that the entity has an ongoing disposal plan for these assets, such assets (or else group of assets) are continued to be classified as assets held for sale.

The Group has no discontinued operations.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**XII. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS:**

**a. Goodwill:**

As of 31 March 2021, the Group has no goodwill (31 December 2020: None).

**b. Other intangible assets:**

Intangible assets are measured at cost on initial recognition and any directly attributable costs of setting the asset to work for its intended use are included in the initial measurement. Subsequently, intangible assets are carried at historical costs after the deduction of accumulated amortization and the provision for value decreases, if any.

Intangibles are amortized over their estimated useful lives using the straight-line amortization method. The useful life of the asset is determined by assessing the expected useful life of the asset, technical, technological and other kinds of obsolescence and all required maintenance expenses necessary to utilize the economic benefit of the asset and differs from 3 years to 15 years.

**XIII. EXPLANATIONS ON PROPERTY AND EQUIPMENT:**

Property and equipment are measured at their initial cost when recognized and any directly attributable costs of setting the asset in working order for its intended use are included in the initial measurement. Subsequently, property and equipment are carried at cost less accumulated depreciation and provision for value decrease, if any.

The Group has adopted the “revaluation method” in accordance with the “Communiqué Regarding the Principles and Procedures for the Tangible Assets (“TFRS 16”)” for its buildings. Independent expert appraisal values determined by independent experts are presented in the financial statements.

Depreciation is calculated over the cost of property and equipment using the straight-line method. The depreciation rates are stated below:

Buildings	2%
Movables, Movables Acquired by Financial Leasing	2-50%

As of the balance sheet date, the depreciation charge for items remaining in property and equipment for less than an accounting period is calculated in proportion to the time period the item remained in property and equipment.

When the carrying amount of an asset is greater than its estimated “Recoverable amount”, it is written down to its “Recoverable amount” and the provision for the diminution value is charged to the income statement.

Gains and losses on the disposal of property and equipment are determined by deducting the net book value of the property and equipment from its sales revenue. Expenditures for the repair and renewal of property and equipment are recognized as expense. The capital expenditures made in order to increase the capacity of the tangible asset or to increase its future benefits are capitalized on the cost of the tangible asset. The capital expenditures include the cost components which are used either to increase the useful life or the capacity of the asset, or the quality of the product or to decrease the costs.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**XIV. EXPLANATIONS ON LEASING TRANSACTIONS:**

The Group records its fixed assets obtained via leasing by taking into consideration the "lower of the fair value of the leased asset and the present value of the amount of cash consideration given for the leased asset".

Leased assets are included in the property and equipment and these assets are depreciated by taking their useful lives into consideration. If impairment is detected in the value of the leased asset, a "Provision for impairment" is recognized. Liabilities arising from leasing transactions are included in "Financial Lease Payables" on the balance sheet. Interest and foreign exchange expenses regarding lease transactions are charged to the income statement. The Group realizes financial leasing transactions as a "Lessor" by means of Burgan Finansal Kiralama A.Ş. which is the consolidated subsidiary of the Group.

With the "IFRS 16 Leases" standard, which became effective as of 1 January 2019, the difference between operating lease and financial lease has been removed, and lease transactions have started to be recognized under "Tangible Fixed Assets" as an asset (right to use asset) and under "Lease Payables" as a liability.

The Group has applied the changes in accounting policies due to the initial implementation of the "IFRS 16 Leases" standard, which is among the new standards, amendments and interpretations effective from 1 January 2019, in accordance with the transition obligations of the related standard.

On 5 June 2020, the POA made some amendments in IFRS 16 "Leases" by publishing COVID-19 Related Rent Concessions – "Amendments to IFRS 16". Upon this amendment, lessees were granted the exemption to elect not to assess whether a COVID 19 related rent concession is a lease modification. The related amendment has had no material impact on the financial position or performance of the Group.

**IFRS 16 "Leases" Standard**

**Group – lessee:**

At the beginning of a contract, the Group assesses whether the contract has the quality of a lease or whether the contract includes a lease transaction. In circumstances when the contract transfers the right of controlling the asset for a certain time period for a certain price, this contract carries the quality of a lease or includes a leasing transaction. The Group reflects the existence of a right of use and a lease liability to the financial statements at the effective date of the lease.

**Right-of-use asset:**

The right-of-use asset is first recognized by the cost method and includes the following:

- a) The initial measurement amount of the lease obligation,
- b) The amount obtained by deducting all the rental incentives received from all lease payments made at or before the beginning of the lease,
- c) All initial direct costs incurred by the Group.

When the bank applies the cost method, the existence of the right to use:

- a) accumulated depreciation and accumulated impairment losses are deducted and
- b) measures the restatement of the lease obligation at the restated cost.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**XIV. EXPLANATIONS ON LEASING TRANSACTIONS (Continued):**

The Group applies the depreciation statutes included in the TAS 16 Tangible Assets standard while depreciating the right to use an asset.

**Lease Obligation:**

At the effective date of the lease, the Bank measures its leasing liability at the present value of the lease payments not paid at that time. Lease payments are discounted using the Group's average borrowing interest rates in the case of this rate being easily determined. Otherwise, the Group uses its alternative borrowing interest rates.

The lease payments included in the measurement of the lease liability consist of the payments to be made for the right of use during the lease term of the underlying asset and the unpaid payments at the effective date of the lease.

After the effective date of the lease, the Group measures the leasing liability as follows:

- a) Increases the book value to reflect the interest on the lease obligation,
- b) Reduces the book value to reflect the lease payments made and
- c) The book value is measured to reflect reassessments and restructuring, or to reflect fixed lease payments as of revised nature.

The interest on the lease liability for each period in the lease period is the amount calculated by applying a fixed periodic interest rate to the remaining balance of the lease liability.

**XIV. EXPLANATIONS ON PROVISIONS AND CONTINGENT LIABILITIES:**

Provisions and contingent liabilities except for the specific and general provisions recognized for loans and other receivables are accounted in accordance with the “Turkish Accounting Standard for Provisions, Contingent Liabilities and Contingent Assets” (“TAS 37”).

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. The provision for contingent liabilities arising from past events should be recognized in the same period of occurrence in accordance with the “Matching principle”. When the amount of the obligation cannot be estimated and there is no possibility of an outflow of resources from the Group, it is considered that a “Contingent” liability exists and it is disclosed in the related notes to the financial statements.

**XV. EXPLANATIONS ON CONTINGENT ASSETS:**

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. Contingent assets are disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**XV. EXPLANATIONS ON CONTINGENT ASSETS (Continued):**

If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements in which the change occurs.

**XVI. EXPLANATIONS ON OBLIGATIONS RELATED TO EMPLOYEE RIGHTS:**

The Group accounts obligations related to employee termination and vacation rights in accordance with "Turkish Accounting Standard for Employee Rights" ("TAS 19") and classifies these items under the "Reserve for Employee Rights" account in the balance sheet.

Under the Turkish Labour Law, the Group is required to pay a specific amount to the employees who have retired or whose employment is terminated other than the reasons specified in the Turkish Labour Law. The reserve for employment termination benefits represents the present value of the estimated total reserve for the future probable obligation of the Group arising from this liability.

According to the TAS 19 that is revised by Public Oversight Accounting and Auditing Standards Authority with the Communiqué published in the Official Gazette on 12 March 2013 numbered 28585, in the calculation of the employment termination benefit liabilities of the Group, the recognition option of the actuarial gains and losses derived from the changes in actuarial assumptions or the differences between actuarial assumptions and realizations in the statement of profit or loss have been eliminated, which is effective for annual periods beginning on or after 1 January 2013. The earlier application of the revision is permitted in the section of the transition and effective date of the standard and therefore the Group has recognised the actuarial gains and losses that occur in related reporting periods in the "Statement of Profit or Loss and Other Comprehensive Income" and presented in "Other Reserves" item in the Shareholders Equity section.

**XVII. EXPLANATIONS ON TAXATION:**

**a. Current tax:**

Many clauses of Corporate Tax Law No. 5520 which are valid starting from 1 January 2006, was taken into effect after being published in the Official Gazette dated 21 June 2006 No. 26205. According to the New Tax Law, the corporate tax rate in Turkey is payable at the rate of 20%. The corporate tax rate is calculated on the total income after adjusting for certain disallowable expenses, exempt income and other allowances. No further tax is payable unless the profit is distributed.

In accordance with the Temporary Article 10 and Article 32 paragraph 1 added to the Corporate Tax Law at 5 December 2017, the Corporate Tax rate which was 20% applied as 22% for corporate earnings for the taxation periods of 2018, 2019 and 2020. As of March 31, 2021, corporate tax rate has been applied as 20% in the financial statements. In addition, as per the Article 11 of the Law No. 7316 on the Certain Amendments on the Law on the Collection of the Public Receivables and Certain Laws and and as per the temporary Article 13 of the Law No. 5520 on the "Corporate Tax Law" published in the Official Gazette dated 22 April 2021, the corporate tax rate of 20% will be applied as 25% for corporate income for the 2021 taxation period, and 23% for corporate income for the 2022 taxation period. In accordance with Article 14 of the same law on enforcement, the corporate tax rate change become valid on April 22, 2021, starting from the declarations that must be submitted as of July 1, 2021, and to be valid for the corporate earnings for the taxation period starting from January 1, 2021 (accounting period starting from 1 January 2021 for organizations with a special accounting period assigned).

Dividends paid to non-resident corporations, which have a place of business in Turkey or to resident corporations are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**XVII. EXPLANATIONS ON TAXATION (Continued):**

**a. Current tax (Continued):**

rate of 15%. An increase in capital via issuing bonus shares is not considered as profit distribution and thus does not incur withholding tax.

Corporations are required to pay advance corporate tax quarterly on their corporate income with the current rate. Advance tax is declared by the 14th and paid by the 17th day of the second month following each calendar quarter end. Advance tax paid by corporations which is for the current period is credited against the annual corporation tax calculated on their annual corporate income in the following year. Despite the offset, if there is temporary prepaid tax remaining, this balance can be refunded or used to offset any other financial liabilities to the government.

75% portion of the capital gains derived from the sale of equity investments and immovable properties before 5 December 2017, the 50% portion of the capital gains derived from the sale of equity investments and immovable properties after 5 December 2017 are tax exempt, if such gains are added to paid-in capital or held in a special account under shareholder’s equity for 5 years. Under the Turkish Corporate Tax Law, losses can be carried forward to offset against future taxable income for up to 5 years. Losses cannot be carried back to offset profits from previous periods.

**b. Deferred tax:**

The Group calculates and accounts for deferred income taxes for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in these financial statements in accordance with “Turkish Accounting Standard for Income Taxes” (“TAS 12”) and the related decrees of the BRSA concerning income taxes. In the deferred tax calculation, the enacted tax rate, in accordance with the tax legislation, is used as of the balance sheet date.

The calculated deferred tax asset and deferred tax liability are presented as net in these financial statements.

**XVIII. EXPLANATIONS ON BORROWINGS:**

The Group’s fund resources in essence consist of borrowing from foreign financial institutions, issued securities and money market debt.

Financial liabilities and derivative transactions are valued with their fair values and other financial liabilities are carried at “amortized cost” using the effective interest method in the following periods.

The Group utilizes various hedging techniques to minimize the currency, interest rate and liquidity risks of its financial liabilities. No convertible bonds have been issued by the Group.

**XIX. EXPLANATIONS ON ISSUANCE OF SHARE CERTIFICATES:**

Transaction costs regarding the issuance of share certificates are accounted under shareholders’ equity after eliminating the tax effects.

**XX. EXPLANATIONS ON AVALIZED DRAFTS AND ACCEPTANCES:**

Avalized drafts and acceptances shown as liabilities against assets are included in the “Off-balance sheet commitments”.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):****XXI. EXPLANATIONS ON GOVERNMENT GRANTS:**

Pursuant to Law No. 5746 on Supporting Research and Development Activities, there is an incentive of TL 1.775 received from TÜBİTAK until the balance sheet date (31 December 2020: TL 6.803).

**XXII. EXPLANATIONS ON PROFIT RESERVES AND PROFIT DISTRIBUTION:**

Retained earnings as per the statutory financial statements other than legal reserves are available for distribution, subject to the legal reserve requirement referred to below.

Under the Turkish Commercial Code ("TCC") the legal reserves are composed of first and second reserves. The TCC requires first reserves to be 5% of the profit until the total reserve is equal to 20% of issued and fully paid-in share capital. Second reserves are required to be 10% of all cash profit distributions that are in excess of 5% of the issued and fully paid-in share capital. However holding companies are exempt from this application. According to the Turkish Commercial Code, legal reserves can only be used to compensate accumulated losses and cannot be used for other purposes unless they exceed 50% of paid-in capital.

**XXIII. EXPLANATIONS ON EARNINGS PER SHARE:**

Earnings per share disclosed in the income statement are calculated by dividing net profit/(loss) for the year to the weighted average number of shares outstanding during the period concerned.

	<b>31 March 2021</b>	<b>31 March 2020</b>
Net Income/(Loss) to be Appropriated to Ordinary Shareholders	50.533	12.396
Weighted Average Number of Issued Ordinary Shares (Thousand)	153.894.444	153.500.000
<b>Earnings Per Ordinary Shares (Disclosed as 1.000 nominal in full TL)</b>	<b>0,328</b>	<b>0,081</b>

Based on the Principal Agreement, the Parent Bank has 1.000.000 founder's shares. According to the Principal Agreement, after allocating 5% to legal reserves and distributing 5% of the paid in capital, 10% of distributable amount is distributed to the owners of the founder's shares.

In Turkey, companies can increase their share capital by making a pro-rata distribution of "Bonus shares" to existing shareholders from retained earnings. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of "Bonus shares" issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier period. In case bonus shares are distributed after the balance sheet date but before the preparation of the financial statements, earnings per share is calculated considering the new number of shares.

**EXPLANATIONS ON ACCOUNTING POLICIES FOR THE RELEVANT PERIOD (Continued):**

**XXIV. EXPLANATIONS ON RELATED PARTIES:**

Parties defined in article 49 of the Banking Law No. 5411, Group’s senior management, and Board Members are deemed as related parties. Transactions regarding related parties are presented in Note V. of Section Five.

**XXV. EXPLANATIONS ON CASH AND CASH EQUIVALENTS:**

For the purposes of the cash flow statement, “Cash” includes cash effectives, cash in transit, purchased cheques and demand deposits including balances with the Central Bank, and “Cash equivalents” include interbank money market placements, time deposits at banks with original maturity periods of less than three months and investments on marketable securities other than common stocks.

**XXVI. EXPLANATIONS ON SEGMENT REPORTING:**

Operational field is the distinguishable section of the Group that has different characteristics from other operational fields per earning and conducts the presentation of service group, associated bank products or a unique product. Operating segments are disclosed in Note X. in Section Four.

**XXVII. RECLASSIFICATIONS:**

None.

**SECTION FOUR**

**INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS**

**I. EXPLANATIONS ON CONSOLIDATED EQUITY:**

Total capital and Capital adequacy ratio have been calculated in accordance with the "Regulation on Equity of Banks" and "Regulation on Measurement and Assessment of Capital Adequacy of Banks". As of 31 March 2021, Bank's total capital has been calculated as TL 3.886.914 (31 December 2020: TL 3.711.535), consolidated standard capital adequacy ratio is 17,07% (31 December 2020: 16,59%).

As of 31 March 2021, based on the regulation made by the BRSA on 23 March 2020 and 8 December 2020, due to the fluctuations in the financial markets as a result of the COVID-19 outbreak, in the calculation of the amount subject to credit risk in accordance with the Regulation on Measurement and Evaluation of Capital Adequacy; within monetary assets and non-monetary assets, excluding foreign currency items that are measured in terms of historical cost, when calculating the values of assets in accordance with Turkish Accounting Standards and the related specific provisions, if the revaluation differences is negative of securities classified under "Financial Assets Measured at Fair Value through Other Comprehensive Income" which were acquired before 23 March 2020 with the average of the last 252 work days, in accordance with the Communique related to Bank's Equity it has been permitted that these differences may not be included in the calculation of the equity amount which will be used in capital adequacy calculation.

## BURGAN BANK A.Ş.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

#### INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):

##### III. EXPLANATIONS ON CONSOLIDATED CURRENCY RISK:

The difference between the Group's foreign currency denominated and foreign currency indexed on- and off-balance sheet assets and liabilities is defined as the "Net Foreign Currency Position" and it is the basis of currency risk. Another important dimension of the currency risk is the change in the exchange rates of different foreign currencies in "Net Foreign Currency Position" (cross currency risk).

A series of limits for the tenure of spot and forward foreign exchange positions are set by the Board of Directors annually. The Group has a short-term conservative foreign currency position management policy.

The Parent Bank's publicly announced foreign exchange bid rates as of the date of the financial statements and for the last five days prior to that date:

	EUR		USD	
	31 March 2021	31 December 2020	31 March 2021	31 December 2020
<b>Bid rate</b>	<b>TL 9,7688</b>	<b>TL 9,1164</b>	<b>TL 8,3258</b>	<b>TL 7,4194</b>
1. Day Bid Rate	TL 9,7688	TL 9,1164	TL 8,3258	TL 7,4194
2. Day Bid Rate	TL 9,7741	TL 9,0079	TL 8,3260	TL 7,3405
3. Day Bid Rate	TL 9,5618	TL 9,0697	TL 8,1192	TL 7,4063
4. Day Bid Rate	TL 9,4150	TL 9,1370	TL 7,9893	TL 7,4738
5. Day Bid Rate	TL 9,3778	TL 9,2037	TL 7,9409	TL 7,5517

The simple arithmetic average of the Parent Bank's foreign exchange bid rates for the last thirty days preceding the balance sheet date for major foreign currencies are shown below:

	EUR		USD	
	31 March 2021	31 December 2020	31 March 2021	31 December 2020
Arithmetic average – 30 days	TL 9,1086	TL 9,3887	TL 7,6592	TL 7,7095

(\*) The above table shows the Bank's foreign currency net position based on main currencies. Foreign currency indexed assets are classified as Turkish Lira assets in the financial statements according to the Uniform Chart of Accounts. Due to this, foreign currency indexed loans amounting to TL 123.747 (31 December 2020: TL 133.622) classified as Turkish Lira assets in the 31 March 2021 financial statements are added to the table above and there is no foreign currency indexed loans received in the current period (31 December 2020: None). Furthermore, in foreign currency assets "Income Accruals of Derivative Financial Instruments" amounting to TL 81.098 (31 December 2020: TL 68.720) and "Stages 1&2 Allowances for Expected Credit Losses" amounting to TL 755.510 (31 December 2020: TL 727.102), in foreign currency liabilities "Expense Accruals of Derivative Financial Instruments" amounting to TL 55.088 (31 December 2020: TL 143.555) and "Non-cash Loans Stages 1&2 Allowances for Expected Credit Losses" amounting to TL 6.333 (31 December 2020: TL 56.452) and "Marketable Securities Valuation Reserve" with "Hedging Derivative Financials" amounting to TL (17.733) (31 December 2020: TL (19.083)) are not included in the table above.

(\*\*) Non-cash loans are not included in the total of "Net Off-Balance Sheet Position".

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

## INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):

## IV. EXPLANATIONS ON CONSOLIDATED INTEREST RATE RISK:

Interest rate risk is the risk that expresses the effects of fluctuations in the market interest rates on the value increase/decrease of the Bank's interest rate sensitive assets and liabilities. The interest sensitivity of risks regarding the interest rate both on the on-balance sheet and off-balance sheet are monitored following several analyses and are discussed in Asset and Liability Committee weekly.

The Group closely monitors the maturity gap between liabilities and assets that may arise in the balance sheet to manage the interest rate risk better. Additionally, interest rate swaps and cross currency swaps that are followed under banking accounts and aim to hedge risks are conducted by the Treasury, Capital Markets and Financial Institutions Group. Liquidity management is critical in the combination of investments, fair value through other comprehensive income and the trading portfolio. Through using these precautions, the possible loss effects on the shareholders' equity due to both credit risk and interest risk during the volatile periods of the market are minimized.

**INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):****IV. EXPLANATIONS ON CONSOLIDATED INTEREST RATE RISK (Continued):****c. Interest rate risk resulting from banking accounts:**

1. The measurement frequency of the interest rate risk with important estimations including those relating to the quality of the interest rate resulting from banking accounts, advance loan repayment and movements of deposits other than time deposits is explained by the following:

Interest rate risk resulting from the banking accounts is measured according to the month-end balance in accordance with "Regulation No. 28034 on Measurement and Evaluation of Interest Rate Risk resulting from Banking Accounts with Standard Shock Method", dated 23 August 2011.

Interest sensitive items are taken into consideration in accordance with the re-pricing period and depending on the estimated cash flows. Demand deposits are taken into account based on the core deposit calculations. The change calculated by implementing interest rate shocks on the differences created in accordance with the re-pricing periods of the assets and liabilities in the banking accounts is proportioned to the equities.

2. The table below presents the economic value differences of the Parent Bank resulting from fluctuations in interest rates in accordance with the "Regulation on Measurement and Evaluation of Interest Rate Risk resulting from Banking Accounts with Standard Shock Method" under sections divided into different currencies.

<b>Currency</b>	<b>Applied Shock (+/- x basis point)</b>	<b>Earnings/(Losses)</b>	<b>Earnings/ Equities-Losses/Equities</b>

<b>Total (For Positive Shocks)</b>		<b>(88.683)</b>	<b>(2,3)%</b>

**V. EXPLANATIONS ON CONSOLIDATED SHARE CERTIFICATE POSITION RISK:**

None.

**INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):**

**VI. EXPLANATIONS ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT AND THE CONSOLIDATED LIQUIDITY COVERAGE RATIO:**

Liquidity risk is the risk generated as a result of not having an effect or cash inflow at a level which can meet cash outflow, formed because of an imbalance in cash flow, timely and completely.

Effective liquidity risk management requires assigning appropriate staff for measurement and monitoring and timely informing management of the bank. Board of directors and senior management is responsible to understand the nature and level of the liquidity risk taken by the Parent Bank and the instruments measuring these risks. Additionally, Board of Directors and Senior Management are responsible for the compliance of funding strategies to risk tolerance which is determined to be applied.

Liquidity risk management framework of the Parent Bank is determined with “Burgan Bank Risk Management Policy” and “Burgan Bank Liquidity Risk Policy” documents approved by Bank’s Board of Directors and “Burgan Bank Risk Management Policy” and “Burgan Bank Treasury Policy” and “Burgan Bank Assets & Liabilities Management Committee (ALCO)” in scope of banking legislation.

Liquidity management is primarily under the responsibility of ALCO in accordance with the Liquidity Risk Management of the Bank. Treasury, Capital Markets and Financial Corporations Group are responsible to perform required actions in accordance with the liquidity standards determined in accordance with the Liquidity Risk Policy. Market Risk Departments is secondarily responsible and it is responsible to control and report compliance with the limits. Detailed information related to periodic and specific reports related to liquidity risk, stress tests, scenario tests, scenario analysis, compliance with risk limits and legal liquidity reports are included in Liquidity Risk Policy of the Bank.

Liquidity risk exposed by the Parent Bank, risk appetite, liquidity risk reduction appropriate to liquidity and funding policies (diversification of funding sources and maturities, derivative transactions), establishment of effective control environment, risk limits, early warning and triggering market indicators are managed through monitoring closely.

The liquidity risk is removed by short term placements, liquid marketable assets wallet and strong equity structure in the management of liquidity risk. Board of Directors of Bank can perform limit reduction regardless of credit value in current placement limits when the volatility in markets increases. Management of the Bank and ALCO monitors possible marginal costs of payments and spurts as a result of studies made in scope of scenario analysis while tracking interest margin in diversified maturity segments between assets and liabilities. Borrowing limits which can be used in short-term for spurts from Central Bank, BIST Repo Market, Takasbank Money Market and banks are applied at a minimum level. The Parent Bank does not need to use these sources because of its current liquidity position but it uses the aforementioned limits for short-term transaction opportunities. Assets, liabilities and positions on the basis of main types of currencies (currencies forming at least 5% of Bank’s total liabilities) are managed under the control of Treasury and Capital Markets.

**INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):**

**VI. EXPLANATIONS ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT AND THE CONSOLIDATED LIQUIDITY COVERAGE RATIO (Continued):**

Firstly, the Parent Bank and subsidiaries subject to consolidation are responsible to be in accord with the minimum liquidity restrictions that are set by legislation and consolidated and unconsolidated liquidity restrictions that is determined in the Bank’s Liquidity Risk Policy There should be no excess in liquidity limits in accordance with the Bank’s policy. Acceptation of current risk level, reduction or termination of activities causing to risk are evaluated for the risk which are not reduced. The actions, which shall be taken if there is an excess in the legal and internal limits, are detailed in Liquidity Risk Policy of the Bank. Overflow which is formed in liquidity ratios tracked according to legal limitations is eliminated in the period which is also determined by legal legislation.

Triggering market indicators are indicators which are tracked as early warning signals before the transition to stress environment which can form in the market as a result of ordinary business condition. Early warning limits related to liquidity risk in Bank are determined and aforementioned limits are monitored closely with the triggering market indicators.

Market Risk Department reports results of scenarios related to liquidity risk to Board of Directors, Risk Coordination Committee, Risk Committee and ALCO through making monthly calculations based on stress scenarios. These stress tests identify negative market conditions and potential fund outflows which occur in funding resources in a liquidity crisis. The purpose of stress tests is to inform related committees and Board of Directors regarding liquidity outflows and derogation which can occur in the liquidity ratios of the Parent Bank. Required actions are taken by ALCO if there are similar situations mentioned in stress scenarios.

An ALCO meeting is held with a call made by Treasury, Capital Markets and Deputy General Manager of Financial Corporations if there is a negative development sourcing from the group or liquidity. Precautions which shall be taken in this process are determined in scope of Liquidity Emergency Plan and details related to Liquidity Emergency Plan are included in Liquidity Risk Policy of the Parent Bank.

The Parent Bank has a central funding institution function in its relations with partners. Intra-group liquidity management and funding strategies are limited to related legal limitations.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

## INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):

## VI. EXPLANATIONS ON CONSOLIDATED LIQUIDITY RISK MANAGEMENT AND THE CONSOLIDATED LIQUIDITY COVERAGE RATIO (Continued):

Liquidity coverage rate is calculated through estimating high-quality liquid assets owned by the Bank to net cash out flows based on 30 days of maturity. Balance items which are determinant on the ratio are sorted as required reserves kept in Central Bank of the Republic of Turkey, securities which are not subject to repo/guarantee, deposit having a corporate transaction, banks deposits, foreign sourced funds and receivables from banks. The impacts of aforementioned items on liquidity coverage ratio are higher than other items since they have a higher share in liquid assets and net cash out flows and they can change in time.

As of the period-end, high quality liquid assets of the Bank consist of accounts in Central Bank of the Republic of Turkey at a ratio of 70% and securities issued by under secretariat of Treasury at a ratio of 17%. The fund resources are distributed among deposits of individuals and retail, corporate deposits and due to bank debt at ratios of 22%, 44% and 11% respectively.

Fluctuations in foreign currency derivative transaction volumes, mainly in foreign currency swaps, can have an impact on foreign currency liquidity coverage rate although derivative transactions generate a lower level of net cash flow with respect to liquidity coverage rate.

Absolute value of net warrant flows realized as of 30 days periods for each transaction and liability are calculated provided that changes in fair values of derivative transactions and other liabilities can form a margin liability in accordance with "Regulation on Calculation of Liquidity Coverage Ratio of Banks" entered into force through publishing in Official Gazette dated 21 March 2014 and numbered 28948. The biggest absolute value, which is calculated in the last 24 months, is taken into consideration as cash outflow. Calculations for derivative transactions and other liabilities, having a flow history shorter than 24 months, are performed from the date in which the transaction is triggered. Information related to the aforementioned cash outflow occurred on 31 March 2021 is given below:

Date	FC	FC + TL
31 March 2021	467.769	467.769

Liquidity coverage rates are calculated weekly for unconsolidated basis and monthly for consolidated basis as of 31 December 2015 in accordance with the "Regulation on Calculation of Liquidity Coverage Ratio of Banks" published in Official Gazette dated 21 March 2014 and numbered 28948. As of 31 March 2021, liquidity coverage rates must be at least 80% for foreign currency assets and liabilities and at least 100% in total assets and liabilities. Dates and values of the lowest and highest foreign currency and total consolidated liquidity coverage ratios related to the three-month period calculated by taking daily arithmetic averages are explained in the table below:

Current Period	Maximum (%)		Minimum (%)	
	FC	FC + TL	FC	FC + TL
Monthly Arithmetic Average (%)	244,00%	257,00%	194,62%	182,93%
Month	31.01.2021	31.01.2021	28.02.2021	28.02.2021

(\*) Financial Assets at Fair Value Through Profit or Loss includes derivative financial assets amounting to TL 1.281.957 and Other Liabilities includes derivative financial liabilities amounting to TL 303.986 classified to a related maturity period.

(\*\*) Assets forming the balance sheet such as fixed and intangible assets, subsidiaries, associates and stationary stocks are classified in this column.

(\*\*\*) Shareholders' equity is presented under the "Other liabilities" item in the "Unclassified" column.

(\*\*\*\*) Assets are shown with their net values in their related period by deducting allowances for expected credit losses.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

## INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):

## VII. EXPLANATIONS ON CONSOLIDATED LEVERAGE RATIO:

## Information on subjects that causes difference in leverage ratio between current and prior periods:

As of 31 March 2021, the leverage ratio of the Group calculated from the arithmetic average of the three months is 6,04% (31 December 2020: 5,75%). This ratio is above the minimum required. The most important reason for the difference in leverage ratio between current and prior period is the increase in the balance sheet and off-balance sheet assets.

## Disclosure of leverage ratio template:

	31 March 2021 (*)	31 December 2020 (*)
<b>Balance sheet assets</b>		
Balance sheet assets (excluding derivative financial assets and credit derivatives, including collaterals)	26.841.899	27.431.411
(Assets deducted from Core capital)	59.071	54.796

(\*) The arithmetic average of the last 3 months in the related periods.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021**

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise stated.)

**INFORMATION RELATED TO THE FINANCIAL STRUCTURE AND RISK MANAGEMENT OF THE GROUP ON A CONSOLIDATED BASIS (Continued):****VIII. EXPLANATIONS ON HEDGE TRANSACTIONS:**

As of 31 March 2020, The Group applies cash flow hedge accounting using interest swaps to hedge its FC deposits and other liabilities with an average maturity up to 3 months against interest rate fluctuations. The Group implements effectiveness tests at the balance sheet dates for hedge accounting; the effective parts are accounted as defined in TFRS 9, in financial statements under equity “Hedging Funds”, whereas the amount concerning ineffective parts is associated with the statement of profit or loss.

As of the balance sheet date, derivative financial assets with a carrying amount of TL 839.141 (31 December 2020: TL 490.425) and derivative financial payables with a carrying amount of TL 99.857 (31 December 2020: TL 94.972), are subject to hedge accounting as hedging instruments. As a result of the mentioned hedge accounting, fair value expense at the amount of TL 97.825 (31 December 2020: TL 21.901 fair value income) after tax is recognized under the equity in the current period. Ineffective part is not available (31 December 2020: None).

Hedging Instrument	Hedging Subject	Exposed Risk	Hedging Instruments Fair Value		Hedging Funds	Ineffective Part Accounted in Income Statement (Net)
			Assets	Liabilities		
Cross Currency Swap	Floating rate up to 3 month maturity FC deposits	Cash flow risk of changes in market interest rates	838.478	90.009	104.684	-
Interest Rate Swap	Floating rate up to 3 month maturity FC deposits	Cash flow risk of changes in market interest rates	663	9.848	(17.096)	-

When hedge accounting of cash flow hedges cannot be maintained effectively as defined in TFRS 9, the accounting application is ended. In case of deterioration of efficiency, the effective amounts, which are recognized under the equity due to the risk hedge accounting, are eliminated from equities in the periods or periods, when cash flow effects profit and losses (periods, when interest income or expenses are recognized) as re-classification adjustment and then it is re-classified in the profit and loss. There is no amount, which is transferred to statement of profit or loss due to the swaps, of which effectiveness is damaged or closed in the current period (31 December 2020: None).

The measurements conducted as of 31 March 2021 show that the cash flow hedging transactions shown above are effective.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

## SECTION FIVE

## EXPLANATIONS AND NOTES RELATED TO CONSOLIDATED FINANCIAL STATEMENTS

## I. EXPLANATIONS AND NOTES RELATED TO CONSOLIDATED ASSETS:

## a. Information related to cash and the account of The Central Bank of the Republic of Turkey (the "CBRT"):

## 1. Information on cash and the account of the CBRT:

	31 March 2021		31 December 2020	
	TL	FC	TL	FC
Cash/Foreign currency	17.009	494.516	18.805	376.722
CBRT	230.989	3.042.159	217.995	2.637.422
Other	-	12.136	-	19.637
<b>Total</b>	<b>247.998</b>	<b>3.548.811</b>	<b>236.800</b>	<b>3.033.781</b>

## 2. Information on the account of the CBRT:

	31 March 2021		31 December 2020	
	TL	FC	TL	FC
Demand Unrestricted Amount	230.989	1.011.632	217.995	915.591
Time Unrestricted Amount	-	390.752	-	136.746
Time Restricted Amount	-	1.639.775	-	1.585.085
<b>Total</b>	<b>230.989</b>	<b>3.042.159</b>	<b>217.995</b>	<b>2.637.422</b>

## 3. Information on Reserve Requirements:

In accordance with the "Communiqué Regarding Reserve Requirements" No. 2013/15, the Bank is required to maintain reserves in CBRT for TL and foreign currency liabilities. According to the "Communiqué Regarding Reserve Requirements", reserve requirements in CBRT can be maintained as TL, USD, EUR and standard gold. As of 19 September 2019, interest on foreign currency reserve deposits is not paid. As for Turkish lira denominated required reserves, 13,5% interest is paid as of 5 March 2021.

As of 31 March 2021, the valid TL required reserve rates vary between 3% and 8% according to their maturities (31 December 2020: Between 1% and 6%). The valid foreign currency required reserve rates vary between 5% and 22% according to their maturities (31 December 2020: Between 5% and 22%).

Provision Amount (-)	3.848	10.530	53.289

10. Policy followed-up for the collection of uncollectible loans and other receivables:

Uncollectible loans and other receivables are collected through the liquidation of collaterals by legal procedures.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF 31 MARCH 2021**

(Amounts expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

---

**EXPLANATIONS AND NOTES RELATED TO UNCONSOLIDATED FINANCIAL STATEMENTS  
(Continued):**

**I. EXPLANATIONS AND NOTES RELATED TO ASSETS (Continued):**

11. Explanations of the write-off policy:

Within the scope of the amendment to the Banking Act, the Regulation on the Classification of Loans and the Procedures and Principles for the provisions to be allocated for them were also amended;

- Classified under Fifth Group-Uncollectible Loans,
- Part of the borrower's default for the lifetime expected credit losses or if there are no reasonable expectations for the recover of loans allocated in specific provision,
- From the first reporting period (interim or year-end reporting period) following their classification in the Group,

It has been allowed to be written-off from the accounts under TFRS 9.

Accordingly, non-performing loans are tracked in off-balance sheet accounts by writing-off the records. This transaction is an accounting application that allows the transfer of the legal proceeding balance to the off-balance sheet by removing it from asset accounts and not the result of the Bank giving up the right to credit.

It is not compulsory that the entire receivable for collecting from registration has no possibility to collect, but it is possible to remove the part that does not have partial collection possibility from the assets.

In order to write-off any legal proceedings from the account;

- Classified under Fifth Group (Uncollectible Loans),
- 100% provision for the portion of the account balance that will be written-off,
- Either the legal proceedings to be continued or to be started,

must be met.

Provisions allocated for amounts written-off from the accounts are considered "expense" in terms of tax legislation. The write-off process is only an accounting process and will continue the legal proceedings for the collection of the Bank's receivables. After the writing-off process, the balance in the off-balance sheet accounts will be collected for the part of the debt that is written-off from the account in full or part of the collection by agreeing with the borrower and the debtor's request.

As of 31 March 2021, the Bank has no written-off liabilities (31 December 2020: None).

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise stated.)

EXPLANATIONS AND NOTES RELATED TO CONSOLIDATED FINANCIAL STATEMENTS  
(Continued):

## II. EXPLANATIONS AND NOTES RELATED TO CONSOLIDATED LIABILITIES (Continued):

## h. Information on provisions:

## 1. Information on reserve for employment termination benefits:

Under the Turkish Labour Law, the Group is required to pay a specific amount to the employees who have been working more than one year, when employment is terminated due to obligatory reasons or they retire, when they have fulfilled 25 working years (women 20) and are eligible for retirement (for women 58 years, for men 60 years), when they have been called up for military service or when they die. After the amendment of legislation on 23 May 2002, some of the transition process articles related to the working period before retirement were enacted.

As of the date of 1 January 2021, the payment amount which is one month’s salary for each working year is restricted to TL 7.638,96 (31 December 2020: TL 7.117,17). Employee termination benefits are not funded as there is no funding requirement.

In accordance with Turkish Labour Law, the reserve has been calculated by estimating the present value of the future probable obligation of the Group arising from the retirement of its employees. TAS 19 necessitates the actuarial valuation methods to calculate liabilities of enterprises. Independent actuaries are used in determining the liability of the Group. There are assumptions in the calculation as discount rate, employee turnover and expected salary increases. In this context, the following actuarial assumptions were used in the calculation of total liabilities:

	31 March 2021	31 December 2020
Discount rate (%)	3,01	3,01
Salary increase rate (%)	9,50	9,50
Average remaining work period (Year)	11,22	11,22

Movement of reserve for employment termination benefits during the period:

	31 March 2021	31 December 2020
Prior Period End Balance	23.621	19.641
Service cost	2.220	3.551
Interest cost	-	1.996
Settlement cost	-	76
Actuarial loss/gain	-	396
Benefits paid (-)	772	2.039
<b>Balance at the End of Period</b>	<b>25.069</b>	<b>23.621</b>

In addition, as of 31 March 2021, the Group has accounted for vacation rights provision and personnel bonus provision amounting to TL 11.079 (31 December 2020: TL 18.376).

(Member of DELOITTE TOUCHE TOHMATSU LIMITED) and the auditor’s limited review report dated 6 May 2021 has been presented prior to the consolidated financial statements.

**II. EXPLANATIONS AND NOTES PREPARED BY INDEPENDENT AUDITOR:**

None.

**SECTION SEVEN**

**EXPLANATIONS ON INTERIM ACTIVITY REPORT**

**I. EVALUATIONS FOR THE OPERATING PERIOD AND EXPECTATIONS FOR THE FUTURE BY THE CHAIRMAN OF THE BOARD OF DIRECTORS AND THE GENERAL MANAGER:**

With rising number of cases and new variations, Covid-19 pandemic is still on top of global economic agenda. The number of approved vaccines and vaccinations nurture hope that the pandemic will be contained in 2021. Extensive policy responses to mitigate the economic impact of the pandemic, progress in vaccination and new fiscal packages support higher growth prospects. IMF expects global economy to grow by 6% yoy in 2021 after 3.3% contraction last year. Yet, vaccination rates, output losses and hence the pace of recovery vary widely across countries. Existing challenges in labour markets require continuation of accommodative monetary policy stance for a long period. However, surging commodity prices, extraordinary liquidity conditions and fiscal stimuli raise the risk of accelerating global inflation.

Turkey has been one of the few countries posted a positive growth rate in 2020. Extensive credit expansion as well as expansionary monetary and fiscal policies stimulated domestic demand. Although the policy stance has tightened since November 2020, economic activity remains strong as of 1Q21 given the carry-over effect. We expect Turkish economy to continue to grow at a fast pace in the first quarter while service and tourism sectors have been affected negatively by high number of daily cases and lockdowns. On the other hand, risks on inflation outlook remains high on the back of buoyant domestic demand, rising commodity prices and FX pass-through. We maintain our view that Turkish economy will return to sustainable growth path, financial stability will be restored and inflation outlook will improve gradually as of second half of 2021.

The consolidated balance sheet size of our bank dated 31 March 2021 is TL 27.691.659, while consolidated deposits total amounts to TL 15.141.992. In this period Burgan Bank has maintained its support to its customers uninterruptedly, consolidated net cash loans and financial lease receivables have been realized as TL 19.111.971. The net profit of our bank in the first quarter of 2021 is TL 50.533, and our equity has reached TL 2.161.152 with an increase of 355 million in capital. Our capital adequacy ratio is 17,07%. In addition to deepening our existing customers relations in 14 provinces in which we operate, we will continue to serve to new customers, keeping customer satisfaction in the foreground.

We believe that our Bank will reach its future objectives easily with the support and guidance of our shareholders and board of directors. We would like to take this opportunity to thank our customers, employees and investors for their valuable contributions, trust and loyalty to Burgan brand.

Ali Murat DİNÇ  
Member of Board of Directors and General Manager

Emin Hakan EMİNSOY  
Chairman of Board of Director
